

# THE CONWAY

The Conway fireplace is an elegant linear fire surround with symmetrical clean lines. The Conway is designed with a simple double layer step & the focal point is on the vertical unusual corbel on the fireplace columns which creates the illusion of multiple layers. This contemporary fire surround will fit well in a modern or traditional home alike.

## Dimensions

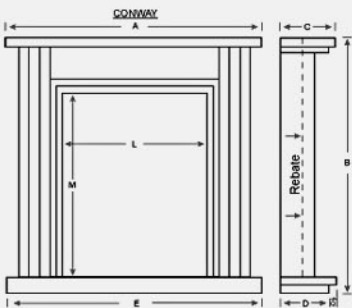

### Rebate options:

A fireplace rebate is the internal void within a fire surround to recess a fire (distance from back of wall to front of back panel). Most fireplaces are fitted against a chimney or wall with recess depth & do not need a deep rebate

**Option A:** 25mm rebate (Most Common). The back panel is pushed as far back to the wall/chimney as possible

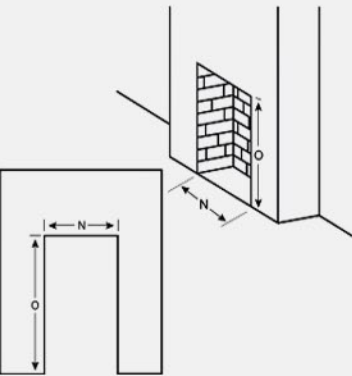

**Option B:** 75mm rebate. The back panel is pulled away from the wall & a deeper fire surround is manufactured to create an internal void for a fire. This option is ideal if you are fitting an electric fire against a flat wall with no recess

**Option C:** 100mm rebate or deeper can be created for an additional charge

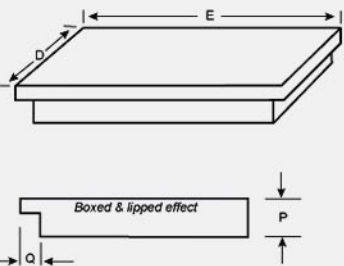

conway Fireplace (Regular 48")

FIRE SURROUND								BACK PANEL		HEARTH

## UK MAINLAND DELIVERY

### Delivery

To ensure your fireplace reaches your home in the same condition in which it left our factory, we offer a full U.K Mainland delivery service (excludes Ireland). Our fireplaces are carried into your home by our friendly drivers not a palletised delivery

## Pick your colour

Sienna Gold

Milano Beige

Antique White

### Sienna Gold

is our most popular colour, and has a light cream background colour with subtle white veins running through it.

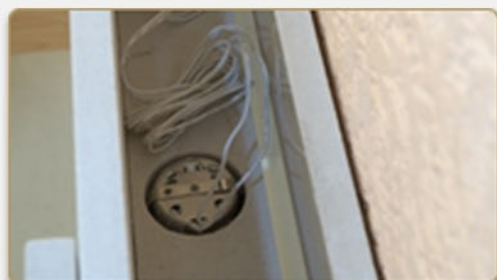

### Milano Beige

has a light background colour with subtle brown flakes running through it.

### Antique White

is a very modern marbled colour and will look lovely in the right room setting, it is a sophisticated, clean, crisp white background colour with a subtle hint of clear crystals.

## Downlight Options

Fireplace downlights are optional and supplied on a pre-wired kit
